

EU REACH Declaration

Product – T330 (UH30)

(EU) chemical substances regulatory framework. REACH requires Landis+Gyr to provide customers with sufficient information on Substances of Very High Concern (SVHCs) contained in products in concentrations above 0.1% weight by weight (w/w), to allow safe use of the product including as a minimum, the name of that substance.

Landis+Gyr actively request and obtain compliance evidence from suppliers and rely on our suppliers to advise of the existence of hazardous substances (e.g. SVHCs) in supplied articles (products). The following list shows the SVHCs which may be contained in the Landis+Gyr delivered product and the related safety data that should be used by our customers.

When considering the use and handling of the delivered products and the related safety data, it is advisable to take account of the level of exposure of humans to the SVHCs. In the case of most Landis+Gyr products, it is considered that the handling and exposure risks will be low as the substances are generally contained in small amounts within the article / part.

SVHCs contained in products in concentrations above 0.1% weight by weight (w/w):

Part No.	Name	Substance	CAS Number*	Safe Use
9033268	Transducer Cup M22	Lead	CAS 7439-92-1	Link
9038482	Shoulder screw	Lead	CAS 7439-92-1	Link
9044145102	Flow tube Qp 3.5 - G5/4 - 260	Lead	CAS 7439-92-1	Link
9044145103	Flow tube Qp 6 - G5/4 - 260	Lead	CAS 7439-92-1	Link
9044484523	Flow tube Qp 0.6 - G3/4 - 110	Lead	CAS 7439-92-1	Link
9044484524	Flow tube Qp 1.5 - G3/4 - 110	Lead	CAS 7439-92-1	Link
9044488524	Flow tube Qp 1.5 - G1 - 130	Lead	CAS 7439-92-1	Link
9044488525	Flow tube Qp 2.5 - G1 - 130	Lead	CAS 7439-92-1	Link
9044491102	Flow tube Qp 6 - G5/4 - 150	Lead	CAS 7439-92-1	Link
9044497103	Flow tube Qp 3.5 - G5/4 - 160	Lead	CAS 7439-92-1	Link
9044498223	Flow tube Qp 0.6 - G1 - 190	Lead	CAS 7439-92-1	Link
9044498224	Flow tube Qp 1.5 - G1 - 190	Lead	CAS 7439-92-1	Link
9044498225	Flow tube Qp 2.5 - G1 - 190	Lead	CAS 7439-92-1	Link
9078406	Temperature sensor adapter M10x1 - 38mm	Lead	CAS 7439-92-1	Link
9078415015	Temperature sensor (Pt500 - M10x1 - 27.5mm - 1.5m)	Lead	CAS 7439-92-1	Link
9078426015	Temperature sensor (Pt500 - M10x1 - 27.5mm - 1.5m)	Lead	CAS 7439-92-1	Link
9078436030	Temperature sensor (Pt500 - M10x1 - 27.5mm - 3.0m)	Lead	CAS 7439-92-1	Link
9079496	Piezo ceramic	Lead titanium zirconium oxide	CAS 12626-81-2	Link
9975405001	Communication Module W	Lead	CAS 7439-92-1	Link
9975426001	Communication Module I	6,6'-di-tert-butyl-2,2'-methylenedi-p-cresol	CAS 119-47-1	Link
		Lead	CAS 7439-92-1	Link
		Lead titanium trioxide	CAS 12060-00-3	Link

*CAS Number - CAS Registry Number, also referred to as CASRN or CAS Number, is a unique numerical identifier assigned by the Chemical Abstracts Service (CAS) to every chemical substance described in the open scientific literature.

This document will be updated when new SVHCs are added to the ECHA candidate list and are found to be contained in Landis+Gyr products (as advised by suppliers).

Date of Issue	Details
06 Oct 2023	Issued.
04 Nov 2025	Adding substances for new components
