Corporate Governance Report

Purpose of this Report

Good corporate governance is an essential element of Landis+Gyr's vision and values. We are committed to building trust with our customers and other stakeholders. Our Board of Directors are all non-executive directors and six of our eight directors are independent. We have a Lead Independent Director who ensures independence and leadership for other independent directors. Further, the Chairman does not serve on either the Audit and Finance Committee or the Remuneration Committee. These practices contribute to the Board's independence and enhance the Board's ability to supervise Group Executive Management, including on matters of strategy, risk, compensation and compliance. We also have a compliance and data privacy function in addition to an independent internal audit function.

We shape our corporate governance efforts by reference to leading international standards. In addition, we follow the recommendations of the Swiss Code of Best Practice for Corporate Governance¹ and comply with applicable requirements of the SIX Swiss Exchange Directive on Information relating to Corporate Governance (DCG). This report follows generally the structure recommended by the DCG.²

On March 31, 2020, the Company's ordinary share capital as registered with the Commercial Register of the Canton of Zug amounted to CHF 292,512,490, divided into 29,251,249 fully paid registered shares with a par value of CHF 10.00 per share. The shares are non-assessable.

The Company's Articles of Association do not provide for any authorized capital.

2.2 Conditional capital

The Company may increase its share capital by up to CHF 4,500,000 by issuing up to 450,000 fully paid in registered shares with a nominal value of CHF 10.00 each, upon the exercise of option rights or in connection with similar rights regarding shares (including PSUs or performance stock units and/or RSUs, restricted stock units) granted to officers and employees at all levels of the Group. Pre-emptive rights and advance subscription rights of shareholders do not apply, and the shares may be issued at a price below the market price. If fully utilized, the maximum amount of conditional capital (CHF 4,500,000) would equal approximately 1.5% of the existing share capital.⁷

2.3 Share buyback program

On January 29, 2019 the Company announced that its Board of Directors had approved a share buyback program of up to CHF 100 million or a maximum of 8% of shares outstanding. The shares are being repurchased for the purposes of cancellation, subject to approval by future Annual General Shareholders' Meetings. On March 27, 2020, the Company announced to suspend its share buyback program with immediate effect. As of March 31, 2020, 601,056 shares (2.04% of shares outstanding when the share buyback program was announced) had been repurchased under the program. In addition, Landis+Gyr AG regularly purchases additional shares for the purposes of Board of Director compensation and the Company's Long-Term Incentive Plan.

2.4 Changes in capital

From 2012 through the date of the initial public offering, the Company had a nominal share capital of CHF 295,100,000, divided into 295,100,000 fully paid-in registered shares with a nominal value of CHF 1.00 each. In connection with the initial public offering of the Company, the shareholders' meeting held on July 11, 2017 resolved to change the number and nominal value of shares such that since the date of the initial public offering on July 21, 2017 the nominal issued share capital of the Company is CHF 295,100,000, divided into 29,510,000 fully paid-in registered ordinary shares with a nominal value of CHF 10.00 each. As a consequence of its share buyback program, the Company resolved at the AGM 2019 to reduce its share capital by CHF 2,587,510 to CHF 292,512,490, divided into 29,251,249 fully paid-in registered ordinary shares with a nominal value of CHF 10.00 each.

2.5 Shares and participation certificates

The 29,251,249 shares are registered shares with a nominal value of CHF 10.00 each and are fully paid-in. Each share carries one vote at a shareholders' meeting. The shares rank pari passu in all respects with each other, including, in respect of entitlements to dividends, to a share in the liquidation proceeds in the case of a liquidation of the Company and to pre-emptive rights.

The Company issues its shares as uncertificated securities (Wertrechte), within the meaning of Art. 973c CO, and enters them into the main register of SIS and, consequently, constitutes them as book-entry securities (Bucheffekten) within the meaning of the Federal Act on Intermediated Securities (FISA). In accordance with Art. 973c CO, the Company maintains a register of uncertificated securities (Wertrechtbuch).

⁷ For a more comprehensive description of the terms and conditions of the issuance of the conditional capital, refer to Art. 3a of the [Articles of Association](#).

2.6 Dividend-right certificate

There are no dividend-right certificates (*Genussscheine*).

2.7 Limitations on transferability and nominee registrations

The Company's Articles of Association contain no limitations on transferability. Every person recorded in the share register is regarded as a shareholder of the Company. Persons not expressly declaring themselves to be holding shares for their own account in their application for entry in the share register or upon request by the Company (Nominees⁸) are entered in the share register with voting rights without further inquiry up to a maximum of 3.0% of the share capital outstanding at the time. Above this limit, shares held by Nominees are entered in the share register with voting rights only after the Nominee discloses the names, addresses and shareholdings of the persons for whose account the Nominee is holding 0.5% or more of the share capital and provided that the disclosure requirements stipulated by the FMIA are complied with. The same restrictions also apply to the subscription for or acquisition of shares by exercising pre-emptive, option or convertible rights arising from shares.

Under Article 5 of the Articles of Association, the Company may in special cases approve exceptions to the above restrictions. The decision to grant exceptions is made at the discretion of the Board. As of March 31, 2020, no exemptions under Article 5 of the Articles of Association had been granted.⁹

2.8 Convertible bonds and options

The Company has no bonds or options regarding its shares outstanding as of March 31, 2020.

⁸ Legal entities or partnerships or other associations which are linked through capital ownership or voting rights, through common management or in a similar manner, as well as individuals, legal entities or partnerships which act in concert with the intent to circumvent the entry restriction, are considered as one shareholder or Nominee.

⁹ For a comprehensive description of the limitations to transferability and nominee registration refer to Art. 5 of the [Articles of Association](#).

3.1.3 Skillset and Assessment of the Board of Directors

We aim to have a well-balanced Board of Directors with individuals who bring a variety of perspectives, backgrounds and skills and who apply them to permit the Board of Directors to offer informed stewardship.

When identifying members for the new Board of Directors at the time of the Company's initial public offering, a collective set of important skills/traits was defined with the support of an external consultant. This set of skills/traits was reviewed and expanded in financial year 2018 and reconfirmed in FY 2019. The Board Skill Matrix below summarizes the updated set of skills/traits grouped into six categories. The actual skillset/traits of the current Board of Directors were then reviewed and mapped against the matrix and it was confirmed that the existing Board of Directors collectively possesses all of the identified skills/traits.

| General | Governance | Technical/Functional | Industry Experience | Personality | Diversity |
|--|---|------------------------------------|---|--|--------------------------|
| Independence | Understanding Fiduciary, Legal and Ethical Duties | Strategy Development and Execution | Utility Markets and Regulation | Honest, Fair and Diligent | Multicultural Background |

The Board of Directors conducts an annual self-assessment based on a comprehensive and anonymous questionnaire. The Chairman conducts individual, feedback and performance reviews with each director. 3.4 Internal organizational structure

3.4.1 Allocation of tasks within the Board of Directors

To operate effectively and allow in-depth focus in specific areas, the Board of Directors has an Audit and Finance Committee and a Remuneration Committee. The members of each committee are shown in the table under Section 3.1.1 above. The Board of Directors occasionally defines temporary delegation to a group of Board members for preparation of matters for Board of Directors decisions, one example in the past year was the identification and nomination of the CEO.

3.4.2 Tasks and area of responsibility of the Lead Independent Director

Appointed by the Board of Directors, the role of the Lead Independent Director (LID) is to provide leadership to the independent directors. Besides creating a governance means to address any potential issue where the Chairman – due to his previous role as CEO of the Group – may be conflicted, the LID function enhances the opportunity for each Board member's point of view to be heard. Further, if the Chairman is indisposed or conflicted, the LID chairs the Board meetings. This includes any deliberations or decision-taking involving the assessment of the Chairman's work.

3.4.3 Tasks and responsibilities of the Audit and Finance Committee

In addition to assisting the Board with oversight of financial reporting, the Audit and Finance Committee (AFC)¹⁴ focuses on assessment of the adequacy of the Group's systems, policies, and controls regarding financial and non-financial risks. This includes compliance with legal and regulatory obligations, insurance and related matters.

The Committee also evaluates the work of the internal control functions (e.g. Internal Audit and Compliance) and of the external auditor, making proposals to the Board on the choice of the external auditor and, on request of the Chief Financial Officer ("CFO"), approving the budget for auditing and other fees from the external auditors.¹⁵ The Committee also assesses the yearly business expenses of the members of Group Executive Management.

The AFC typically meets once every two to three months. Comprising independent Board members, the AFC regularly reports to the Board of Directors on its findings and recommendations. The overall responsibility, including for approving recommendations, remains with the Board of Directors. The Head of Global Internal Audit reports to the AFC. The Chief Compliance and Data Privacy Officer provides regular, independent reports to the CEO and to the AFC and ad hoc reports whenever requested by the AFC. The reports cover the compliance and data privacy programs and relevant issues and risks.

In addition, the Chief Compliance and Data Privacy Officer will provide independent, ad hoc reports to the Board/AFC regarding any significant Group compliance or data privacy issues or risks.¹⁶

3.4.4 Tasks and responsibilities of the Remuneration Committee

The Remuneration Committee (RemCo) supports the Board of Directors in ensuring that executives and employees are paid in accordance with Landis+Gyr's remuneration principles, which incentivize and reward performance in alignment with shareholder' interests, and which help the Company to attract and retain the talent it needs to achieve its business goals.

Comprising three independent Board members¹⁷, the RemCo establishes and reviews the remuneration strategy and prepares the annual proposals to the shareholders' meeting regarding the maximum aggregate remuneration of the Board of Directors and the Group Executive Management, as well as the Remuneration Report. Further, the RemCo regularly reviews the remuneration system, the remuneration-related targets for the Group Executive Management and other members of senior management, and proposes the individual remuneration of the CEO, as well as

¹⁴ The three members of the AFC are appointed by the Board of Directors based on relevant qualifications and experience. They serve for one year and may be re-elected for further terms.

¹⁵ The external auditor is PwC (auditors of Landis+Gyr Group AG and of the Consolidated Financial Statements of the Landis+Gyr Group). It conducts its audit in compliance with Swiss law and in accordance with Swiss auditing standards and auditing standards generally accepted in the United States of America (US GAAS).

¹⁶ The organization, detailed responsibilities and reporting duties of the AFC are stipulated in its Charter and in Article 7.2 of the [Organization Regulations](#).

¹⁷ In accordance with Swiss law, these members are elected each year by the shareholders' meeting. They serve for one year and may be re-elected for further terms.

reviews the individual remuneration of other members of the Group Executive Management. The RemCo also reviews and proposes the individual remuneration of the Chairman of the Board and other members of the Board.

The RemCo typically meets once every two to three months. The Chairman of the RemCo reports to the full Board on the RemCo's findings and recommendations after each meeting, and the minutes of the meetings are made available to the members of the Board. The overall responsibility, including for approval of recommendations, remains with the Board of Directors.¹⁸

3.4.5 Board meetings and attendance

The Board of Directors meets as often as necessary to fulfill its duties and responsibilities, usually monthly in person or via conference call.¹⁹

Between April 1, 2019 and March 31, 2020, the Board held 11 meetings (of which six were in-person meetings and five were conference calls). The in-person meetings were for a full day, except for the strategy session, which was conducted over two full days. The calls had an average duration of approximately two hours. The overall attendance was 100% and is further detailed in the table below. In addition to the meetings, the Board held two onboarding sessions for a new director.

Between April 1, 2019 and March 31, 2020, the Audit and Finance Committee held five regular meetings with 100% attendance. These meetings generally lasted approximately four to five and a half hours. In addition, there were various ad hoc conference calls each of approximately one hour's duration to deal with matters as they arose. The Remuneration Committee held five meetings with 100% attendance. These meetings generally lasted approximately three hours.

The Board meetings were, with the exception of certain Directors-only sessions, attended by the CEO and members of the Group Executive Management and other senior managers. Meetings of the Audit and Finance Committee were all attended by the Chairman, the CEO and the CFO. Starting October 2019, the Head of Global Internal Audit attended for the full meeting extent. Meetings of the Remuneration Committee were all attended by an external advisor to the Remuneration Committee (in person or via conference call) and the Head of Human Resources; the CEO and the CFO attended parts of meetings of the Remuneration Committee in an advisory function, but were excluded from certain discussions. No member of management attended the part of the meetings in which their own performance or remuneration were discussed. The Chairman of the Board attended all Remuneration Committee meetings, but he was not present during meetings or parts thereof during which his own remuneration was discussed.

¹⁸ The organization, detailed responsibilities and reporting duties of the RemCo are stipulated in its Charter, in Article 19 of the Company's [Articles of Association](#) and in Article 7.3 of the [Organization Regulations](#).

¹⁹ This is pursuant to the Organization Regulations, which foresee that meetings take place at the request of the Chairman or Lead Independent Director, or of any other member if done in writing and justifying the reason for such request.

3.5 Responsibilities between the Board of Directors and Group Executive Management

Landis+Gyr's two main governing bodies allocate their tasks and responsibilities as follows:

3.5.1 Board of Directors

The Board of Directors is entrusted with the ultimate strategic direction of the Company as well as with the oversight of management. This includes determining the strategy of the Group upon recommendation of the CEO and appointing the CEO and the other members of the Group Executive Management, as well as the Head of Global Internal Audit.

Although pursuant to the Articles of Association and the Organization Regulations, the Board may, to the extent permitted by law, delegate various responsibilities to the CEO, it retains in line with Articles 16 and 17 of the [Articles of Association](#) and the provisions of the Organization Regulations, certain duties, including in respect of determining the risk profile of the Group, monitoring risks, and ensuring fundamental policies and controls are in place such as with regard to compliance with applicable law and regulations.²⁰

Resolutions of the Board of Directors require the affirmative simple majority of the votes cast. Circular resolutions require the majority of the members of the Board. In the case of a tie on any issue, the Chairman has the casting vote.

3.5.2 Group Executive Management (Konzernleitung)

The CEO²¹ leads and is assisted by the Group Executive Management and the Extended Executive Management. The Group Executive Management comprises the CEO, the CFO, the Executive Vice President ("EVP") for the Americas and the EVP for EMEA. The CEO is appointed and removed by the Board of Directors. The other Group Executive Management members are appointed and removed by the Board of Directors upon recommendation of the CEO. The Extended Executive Management is a larger group comprising key functional leaders and direct reports to the CEO. The Extended Executive Management generally meets on a monthly basis.

3.6 Information and control instruments vis-à-vis the Group Executive Management

At the invitation of the Board of the Directors, members of Group Executive Management and Extended Executive Management may attend Board meetings and report on significant projects and events. However, the Board may limit their participation to relevant meetings or parts of meetings. In addition, the Board may meet in private session, i.e. without management presence.

To ensure the Board of Directors receive timely information on material matters involving the Group's business, the members of the Group Executive Management and Extended Executive Management report to the Board and its committees before or at every meeting, including regarding strategic, financial, risk and compliance matters. Internal audit and compliance also make regular reports to the Board or its committees. In addition, the Chairman acts as liaison between the Board and management and in this capacity has regular interactions with the CEO, other members of the Group Executive Management and the Group General Counsel. The LID has regular interactions with the CEO and the Senior Vice President of Global Human Resources, and the Chairman of the AFC has regular interactions with the CFO and the Head of Global Internal Audit.

In addition to reviewing and approving the Group's comprehensive annual risk assessment process, the Board and its committees are updated regularly by members of the Group Executive Management and Extended Executive Management on all key risks facing the Group, such as quality issues, the progress of major customer projects, the progress of R+D projects and other risk areas as they are identified.

Other reports to the Board include information about the balance sheet, the income and cash flow statements, and key figures for the company and its segments. The reports incorporate comments on the respective business results and a forecast of the key figures. The CEO and CFO report at every Board meeting on business developments and all matters relevant to the company, including competitor activities and emerging opportunities and threats. Furthermore, the Board

²⁰ The detailed description of these retained responsibilities and duties are stipulated in Articles 16 and 17 of the Articles of Association.

²¹ The CEO exercises those duties which the Board of Directors has delegated to management in accordance with the Company's Organizational Regulations and Swiss law.

reviews and approves major customer contracts that exceed a certain value or have particular risk characteristics. During the Board Meetings, the Chairmen of the Audit and Finance Committee and the Remuneration Committee also report on all matters discussed by their committees and on the key findings and assessments, and they submit proposals accordingly. Each year, the Board of Directors discusses and approves the budget for the following year and the five-year midterm plan.

The Board's responsibility includes defining the fundamentals of and monitoring the effectiveness of an internal control system (ICS) relevant to the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error. The ICS ensures the implementation of appropriate procedures and measures to identify and monitor the main financial risks to which the Company is exposed. In particular, the aim of the ICS is to ensure the integrity and completeness of accounting, to provide timely and reliable financial reporting, and to prevent, minimize and identify errors and irregularities in the financial statements.

In order to achieve these objectives, Group companies in scope for external and internal audit are determined annually. Hence, it is ensured that at least 80% of the revenue and of total assets of the Group are covered. The external audit confirms the existence of the ICS in connection with the year-end audit. Additionally, the external auditor submits improvement suggestions on a yearly basis, which are implemented in the following year.

The internal audits are conducted by the internal audit function in accordance with an annual plan approved by the AFC. A distinction is made between regular and special engagement audits. The latter consist of limited reviews, compliance audits and other special engagements that are incident-specific and upon request of senior management, the AFC or the Board. In all cases, internal audit engagements are approved by the AFC. Regular audits focus on the larger entities and higher risk areas. Detailed reports of identified deficiencies are prepared (with deficiencies classified as either high, medium or low risk) and remedial action plans are agreed with management. The risks and deficiencies identified in these audits are minimized or eliminated by measures adopted by management and are regularly monitored. In FY 2019, twelve internal audits were conducted. The internal audits were restricted to selected business processes. In its review of audited Group companies and organizations, risks and control deficiencies in connection with the above-mentioned business processes were analyzed. Internal audit reports are submitted to the AFC and reviewed by the AFC with the Head of Global Internal Audit, at least four times per year. The implementation and reliability of the controls introduced with the ICS were examined by the Group and regional management to ensure that deviations were identified and that appropriate corrective measures were implemented.

4.3 Mandates permitted outside Landis+Gyr

In the interest of good governance and to ensure our executives focus on the business of the Company, Article 23 of the Company's Articles of Association limits the number of outside mandates by members of the Group Executive Management as follows:

- a) no more than one mandate as member of the board of directors or of any other superior management or administrative body of any publicly traded company²²
- b) no more than five mandates as member of the board of directors or of any other superior management or administrative body of legal entities not meeting the above-mentioned criteria.

All members of the Group Executive Management combined currently have only one outside mandate at public companies and one outside mandate at other companies. To ensure compliance, the Group Executive Management must secure approval from the Board of Directors before accepting any new mandate.

4.4 Management contracts

There are no management contracts with third parties at Landis+Gyr.

Compensation, Shareholdings and Loans

The remuneration programs within Landis+Gyr are periodically reviewed to ensure continued alignment with the Group's strategy and market practice, and all details of compensation, shareholdings and loans are set forth on pages 17 to 23 of the Remuneration Report 2019.

Rules regarding the principles of compensation, participation plans, loans, credits and pension benefits are set in Articles 24, 25, 26, 28 and 29 of the Articles of Association. The rules regarding the approval of the remuneration by the Annual General Meeting are set forth in Article 12 of the [Articles of Association](#).

Shareholders' Participation Rights

6.1 Voting rights restrictions and representations

6.1.1 Voting rights restrictions and rules on granting exceptions

Voting rights are as set forth in the [Articles of Association](#).²³ They may be exercised only after a shareholder has been registered in the Company's share register as a shareholder with voting rights up to a specific qualifying day (Record Date) designated by the Board of Directors. On application, persons acquiring shares are entered in the share register as shareholders with voting rights without limitations, provided they expressly declare having acquired the shares in their own name and for their own account and that they comply with the disclosure requirement stipulated by the Federal Act on Financial Market Infrastructure (FMIA). Entry in the share register of registered shares with voting rights is subject to the approval of the Company.

The entry may be refused based on the grounds set forth in article 5, paragraphs 3, 4 and 5 of the [Articles of Association](#). The respective rules, including the group clause, the rules on granting exceptions, and on exceptions granted during the period under review have been described in Section 2.7 "Limitations on transferability and nominee registrations" on page 7 of this Corporate Governance Report.

If the Company does not refuse to register the acquirer as a shareholder with voting rights within 20 calendar days upon receipt of the application, the acquirer is deemed to be a shareholder with voting rights. Non-recognized acquirers are entered in the share register as shareholders without voting rights. The corresponding shares are considered as not represented in the General Meeting of Shareholders.

²² Pursuant to Article 727 para. 1 number 1 of the Swiss Code of Obligations.

²³ The Articles of Association set forth all relevant conditions, including as to when the entry may be refused based on the grounds set forth in Article 5, para. 3, para. 4 and para. 5 of the [Articles of Association](#). See also Section 2.7 above "Limitations on transferability and nominee registrations" of this report.

The Company may in special cases approve exceptions to the above restrictions. After due consultation with the persons concerned, the Company may delete entries in the share register of a shareholder with voting rights with retroactive effect if these were effected on the basis of false information or if the respective person does not provide the information pursuant to Article 5 para. 3 of the [Articles of Association](#). The concerned person is immediately informed of the deletion.

6.1.2 Procedure and conditions for abolishing voting rights restrictions

Procedure and conditions for abolishing voting rights restrictions in the Articles of Association require resolution of the General Meeting passed by at least two thirds of the represented share votes. An absolute majority of the par value of represented shares is required to ease or abolish the restrictions on the transferability of registered shares (see Article 13 of the [Articles of Association](#)).

6.2 Rules on participation in the General Meeting of shareholders

At shareholders' meetings, shareholders may be represented by an independent proxy or any other person who need not be a shareholder. The Board of Directors determines the requirements regarding proxies and voting instructions.

6.3 Rules on instructions to the independent proxy and on the electronic participation in the General Meeting of shareholders

As the Articles of Association do not contain requirements on the subject, instructions in written or electronic form to an independent proxy for participation in the General Meeting of shareholders are governed by Swiss law.

6.4 Quorums required by the Articles of Association

The Company's Articles of Association do not stipulate any resolutions of the shareholders' meeting that can be passed only by a majority greater than that required by the statutory legal provisions.

6.5 Convocation of the General Meeting of shareholders

The Company's Articles of Association do not differ from applicable Swiss statutory provisions under Swiss law, other than that the Board of Directors is required to convene an extraordinary shareholders' meeting within two months if requested by one or more shareholder(s) representing in aggregate at least 5% of the Company's nominal share capital registered in the commercial register. Shareholders' meetings may also be convened by the Board of Directors or, if necessary, by a Company's statutory auditors or liquidators under Swiss law.

A shareholders' meeting is convened by publication of a notice of such meeting in the Swiss Official Gazette of Commerce (Schweizerisches Handelsamtsblatt) at least 20 days before the date of the meeting. To the extent the post or e-mail addresses of the shareholders are known, a notice is sent simultaneously by mail or e-mail. The notice states the day, time and place of the meeting, the agenda, the proposals of the Board of Directors and the proposals of the shareholders who have requested the shareholders' meeting or that an item be included on the agenda.

6.6 Inclusion of items on the agenda

Registered shareholders with voting rights individually or jointly representing at least CHF 1 million of the nominal share capital of the Company may demand that items be put on the agenda. Such demands have to be submitted to the Chairman of the Board of Directors at least 45 days before the date of the shareholders' meeting and must be in writing specifying the items and the proposals.

6.7 Entries in the share register

The relevant date to determine the shareholders' right to participate in the AGM on the basis of the registrations appearing in the share register is set by the Board of Directors and included in the invitation to the AGM.

Change of Control and Defense Measures

7.1 Duty to make an offer

The Company does not have a provision on opting-out or opting-in in the Articles of Association.

7.2 Clauses on change of control

There are no such agreements.

Auditor

8.1 Duration of the mandate and term of office of the lead auditor

The independent statutory auditor of the Company is PricewaterhouseCoopers AG (PwC), Dammstrasse 21, 6302 Zug, Switzerland, who has been the auditor of the Company since financial year 2016 (FY 2016; April 1, 2016 to March 31, 2017). The auditor in charge is Rolf Johner, who has been carrying out this function since PwC became the Company's statutory auditors. The lead auditor is rotated every seven years in accordance with Swiss law.

8.2 Auditing fees

PwC was paid compensation of CHF 1.7 million for services in connection with auditing the annual financial statements of the Company and the consolidated statements of the Group for FY 2019.

8.3 Additional fees

PwC charged CHF 0.3 million for non-audit services performed during the year-ended March 31, 2020. The non-audit services primarily included tax advisory services.

8.4 Information instruments pertaining to the external audit

PwC presents to the Audit and Finance Committee, on an annual basis, a detailed report on the results of the audit of the consolidated and stand-alone financial statements, the findings on significant accounting and reporting matters, and findings on the internal control system. The results and findings of this report are discussed in detail with the CFO.

The AFC reviews annually the appropriateness of retaining PwC as the auditor of the Landis+Gyr Group AG and its subsidiaries, before proposing to the Board and to the Annual General Meeting of Landis+Gyr Group AG the election of PwC as auditors. The AFC assesses the effectiveness of the work of the auditor in accordance with Swiss law, based on its understanding of the Group's business, control, accounting and reporting issues, together with the way in which matters significant at Group level or in the statutory accounts are identified and resolved. It also makes a recommendation to the Board of Directors concerning the choice of the external auditor.

The AFC is also informed on the work of PwC through briefings from its Chairman, who is in turn briefed as required by PwC. Audit fees are ultimately approved by the AFC.

In the period under review, PwC attended two meetings of the AFC at which PwC presented its report on the audit of the Group's accounts for the financial year 2018, (FY 2018; April 1, 2018 to March 31, 2019) and the audit plan for the audit of the Group's accounts for FY 2019.

The Group and PwC have agreed on clear guidelines and firewalls for non-audit services that are appropriate for PwC to provide. These services include due diligence on mergers, acquisitions and disposals and certain tax and business risk assurance and IS/IT advisory support. These guidelines are aimed at ensuring PwC's independence in their capacity as auditors to the Group. PwC monitors its independence throughout the year and confirms its independence to the AFC annually.²⁴

²⁴ For more information on the AFC in respect of the external auditor, see Section 3.4.3 above.
